

# 5 Star Fun

G'day

Make this Christmas special: with some 5 star fun from LaserTag.com.au.

Let us take the hassle out of planning your staff Christmas Party, and do something everyone will be talking about over their turkey this Christmas.

Here's a way to add some spark to your yuletide festivities: hire Laser Tag! Laser Tag is so popular because...

- Participants can create their own 'games' using our Laser Tag equipment making it fun for everyone
- Laser Tag is a 'live' computer game that gets everyone up and into the action
- You can theme the entire event e.g. choose an army or sci-fi, or even a relic-raiders theme.
- Both adults and children can play.

**Safe & Suitable.** Because there is no paint, no projectiles, it is safe and suitable for everyone. In fact, our Laser Tag phasers use harmless infrared—like your TV remote. When the players pull the trigger they get great light and sound effects. And you can play either indoors or outdoors.

Our award winning team has developed a variety of games that are fun! Once you've booked, I will send you a full-colour step-by-step how-to guide, with easy to follow instructions, checklists and links to explanatory mini-movies. It also includes the low down on how to run Laser Tag games. Or you can do your own thing. So you'll know exactly how to set up, and run, your Laser Tag games. And it only takes about 5 to 10 minutes to brief the players. Then, it is go, go, GO! Nowadays, lots of people have played computer games, so often they know exactly what they want to play, so you can just let them have fun!

**Fun in a Box.** This entertainment is easy to organise. First, we pack everything you will need into a box and deliver it direct to you. And you can rest assured it will get to you on time. Then we'll pick up the box the next day. It is that simple. No hassles for you.
