Fun in a Box!

Dear Centre Director,
Here's a fun & new
idea for your next
Vacation Care
holiday activity list. **Laser-
Tag.com.au** hire: we call it "fun in
a box!"

Laser Tag is a fun and exciting
event for your Vacation Care
centre.

With Laser tag you can get real, get
inventive and get everyone talking
about you for weeks after your
event.

Laser Tag is **Ready, Aim...Fun!**

Laser tag can be set up on a grassed
area such as your playground; or in
an indoor area like a gymnasium.
Or you can play in any treed area
on campus.

We deliver you 10 Gaming Guns,
2 Flags, 10 Headbands—5 of each
colour (the idea is that these go
over the player's own hat, that's
how you tell the teams, see the
picture), a couple of keys (to turn
the gaming guns on) and a large
banner.

Gaming guns—safe & fun.

Our gaming equipment uses **harmless infrared**—just like your TV remote; but bigger! When you pull the trigger you get great light and sound effects. Every gaming gun comes with integrated sensors so you can play either indoors or outdoors. Plus every one has a cool red dot scope for sighting. The gaming guns have ammo limits so when you run out, just press the left button once to re-load. It takes around 6 seconds. Then you are back in action! When the gaming guns are courier delivered to you, they are set at 5 "lives." The first 4 times players are tagged the gun makes a "ough!" sound, then on the final hit the gun goes "aaargh!" and turns itself off. Players return to their starting spot and one of the carers turns them on again with the key.

Hints & Tips for the best **VACATION CARE** Activity ever!

Set the theme. Leverage off the popularity of *Indiana Jones* movies or *Lara Croft* games, with a cool playing area. We suggest hay-bales or painted cardboard boxes to play around. In fact, creating the "battlefield" might be a

special lead-up activity. Paint the boxes green and black and brown or use special motifs (download some ideas from our web site.) You can weigh down the boxes using old 2 litre milk bottles filled with water. If you don't want to make your own playing field, any treed area (many schools have a section near the oval with lots of trees) is great for games. When promoting the event, we think it is a fun

Choose: Green, Black & Tan as your colour theme

idea to use a 24 hour clock, e.g.: games start at 1300 hours or Oh-900 hrs. If you have time, why not hit the army disposal or surplus stores for tarps, ammo boxes or other "relic raider" themed things. Think archaeology, pyramids, hieroglyphics or army type things. We also have **dog tags** available to purchase—they are \$5 each and include a long chain. Or go for the "war paint" usually 1 is enough for the whole group, \$15 each.

We also include a simple to follow guide on how to run the games. The short fun games often only last 5 to 7 minutes each. But to the player it feels like a lot longer because it is so exciting!

- quick, holidays are popular!
2. Once your date is confirmed, your booking needs to be secured by paying a 50% deposit. We will send you a booking form to complete. Once we have received your deposit your booking is locked in.

3. Pay the remaining amount 7 days prior to your booking date. All funds will need to be paid before your box is shipped.

Running Games is Simple

Start of with a simple elimination game.

Divide the class into roughly equal team sizes. Then let loose the *bravo team* versus the *delta team*. Each time one of the gamers loses all their "lives" they go back to their start point and get re-started with the key. The team which has the least number of re-starts at the end is the winner.

Then why not run a Capture the Flag mission? Using the 2 flags provided, place one at each end of the playing area. The team that has both flags in their base at the end wins.

IMPORTANT INTEL:

Get into the groove and set the scene with cool **camo net hire**. You can pop the camouflage nets over the monkey-bars or other play area to depict a "fort". You can hire camo nets for \$15 each.
